ADDITIONAL STATEMENTS SECTION

MISCELLANEOUS STATEMENT	Applicant confirms that in recent communications with Examiner Mittler, an agreement was reached as to an acceptable Listing of Goods for Class 6. This acceptable Listing of Goods for Class 6 represents the suggestion made by Examiner Mittler in an Office Action of April 15, 2015. Since the applicant has now adopted the Listing of Goods for Class 6 which was previously suggested by Examiner Mittler, it is believed that the application should be officially allowed. It is respectfully requested that this Second Request for Reconsideration be transferred to Examiner Mittler for further prosecution.

Request for Reconsideration after Final Action

To the Commissioner for Trademarks:

Application serial no. **79149407** SWEP15(Standard Characters, see <http://tmng-al.uspto.gov/resting2/api/img/79149407/large>) has been amended as follows:

CLASSIFICATION AND LISTING OF GOODS/SERVICES

Applicant proposes to amend the following class of goods/services in the application:

Current: Class 006 for Molded and formed parts, namely, deep drawn parts, separated parts and stamped parts, namely, sleeves, cans, housings, sockets, rings, discs, covers, caps, cups, pins and seats for automotive transmission systems, for braking applications, for gearbox applications, for cam phaser applications, for solenoid valve applications, for magnetic valve applications, for fuel injection systems, for oil control valves, for brake fluid control valves, for high pressure valves, for gas regulators, for high performance magnetic valves, for solenoid housings for valves in automotive ABS systems, for jackets and tubes for automotive fuel injection systems, the aforesaid parts being of steel, in particular cold rolled strip steel, micro-alloyed steels, slits strips, carbon steels, oxidizing and stainless steels, brass, copper, bronze, nickel, aluminum, iron, molybdenum; the aforesaid parts including being surface treated, in particular cured, carburized, nitrocarburized; none of the aforesaid goods being related to heating and cooling, heat exchangers, heat transmissions or air conditional installations

Original Filing Basis:

Filing Basis Section 66(a) , Request for Extension of Protection to the United States. Section 66(a) of the Trademark Act, 15 U.S.C. §1141f.

Proposed:

Tracked Text Description: ~~Molded and formed parts, namely, deep drawn parts, separated parts and stamped parts, namely, sleeves, cans, housings, sockets, rings, discs, covers, caps, cups, pins and seats for automotive transmission systems, for braking applications, for gearbox applications, for cam phaser applications, for solenoid valve applications, for magnetic valve applications, for fuel injection systems, for oil control valves, for brake fluid control valves, for high pressure valves, for gas regulators, for high performance magnetic valves, for solenoid housings for valves in automotive ABS systems, for jackets and tubes for automotive fuel injection systems, the aforesaid parts being of steel, in particular cold rolled~~

~~strip steel, micro-alloyed steels, slit strips, carbon steels, oxidizing and stainless steels, brass, copper, bronze, nickel, aluminum, iron, molybdenum;~~ Molded and formed parts, namely, expanding sleeves for affixing screws, wire rope sockets, gasket rings, sealing caps, suction cups, springs, and cotter pins, the aforesaid parts being of steel, in particular cold rolled strip steel, micro-alloyed steels, slit strips, carbon steels, oxidizing and stainless steels, brass, copper, bronze, nickel, aluminum, iron, molybdenum; the aforesaid parts including being surface treated, in particular cured, carburized, nitrocarburized; ~~none of the aforesaid goods being related to heating and cooling, heat exchangers, heat transmissions or air conditional installations;~~ none of the aforesaid goods being related to heating and cooling, heat exchangers, heat transmission or air conditional installations

Class 006 for Molded and formed parts, namely, expanding sleeves for affixing screws, wire rope sockets, gasket rings, sealing caps, suction cups, springs, and cotter pins, the aforesaid parts being of steel, in particular cold rolled strip steel, micro-alloyed steels, slit strips, carbon steels, oxidizing and stainless steels, brass, copper, bronze, nickel, aluminum, iron, molybdenum; the aforesaid parts including being surface treated, in particular cured, carburized, nitrocarburized; none of the aforesaid goods being related to heating and cooling, heat exchangers, heat transmission or air conditional installations

Filing Basis Section 66(a) , Request for Extension of Protection to the United States. Section 66(a) of the Trademark Act, 15 U.S.C. §1141f.

ADDITIONAL STATEMENTS

Miscellaneous Statement

Applicant confirms that in recent communications with Examiner Mittler, an agreement was reached as to an acceptable Listing of Goods for Class 6. This acceptable Listing of Goods for Class 6 represents the suggestion made by Examiner Mittler in an Office Action of April 15, 2015. Since the applicant has now adopted the Listing of Goods for Class 6 which was previously suggested by Examiner Mittler, it is believed that the application should be officially allowed. It is respectfully requested that this Second Request for Reconsideration be transferred to Examiner Mittler for further prosecution.
